Karen: Everything OK?
me: yep indeed
Karen: are you all going out to dinner at night or eating in?
me: probably going out, we stayed in all yesterday
Karen: well, you could walk over to the Magnolia theater, too. I see the Dictator is playing there now.
me: not too excited about that one, want to see Prometheus
Karen: havent heard of it? is it already out?
me: not sure if out yet. it's prequel to Alien
Karen: oh yes, I see it's at NorthPark in 3D and at Inwood (but they don't have the 3D don't think)

me: thanks, I'll take a look
Karen: I think you have to buy them online prior to showing as they sell out.
me: probably will wait and see it later in the week anyway
